Spa Experiences

Check - in

At the moment that you arrive at the SPA, someone before your treatment begins, has to accommodate you, you come earlier than your booked treatment time, you will have time to change, unwind and relax before you start in the facilities. You therefore will get a good welcome in your relaxation room, which will help the therapist determine that the treatment booked is suitable for you.

Before your therapy

The optimal results of the appointment are your therapist knows if you are feeling some sort of discomfort or mobility for therapeutic reasons in a particular area.

Late arrival

Should you be late for your appointment, this means you will spend your therapy time in waiting, booked, but could reduce duration of the time from your treatment.

Rescheduling policy

The Athénaspa SPA by Technogym reserves the right to change, suspend and cancel, on short notice, all of the appointments in the SPA. It's responsibility is to notify you prior to rescheduling, in the case of a cancellation, the maximum time is 100% advance booking price.

Pregnancy

See your therapist for specific advice (whether you planned treatment).

Health

Health: avoid alcohol heavily with spa treatments.

Opening hours

Monday till Friday: 09:00 to 20:00 hrs
Saturday
Sunday: 09:00 to 19:00 hrs
