

## ENGINEERING TEAM LEADER

We are a collection of individually designed, distinctive five-star hotels. Each of the luxury hotels and resorts we have created in some of the most intriguing areas of the world is a unique tribute to local architecture and cultural traditions. Each member of our extended family is committed to the values of honest and discreet service - a service best described as 'Craftsmanship of Care.'

Corinthia Hotels are recruiting an **Engineering Team Leader** to join our team at the Corinthia Hotel Khartoum, Sudan

### **Key Responsibilities:**

- Perform daily functions as per his area of responsibility outlined in the Engineering Organizational chart
- You will be responsible to provide an excellent and consistent level of service to your customers.
- The Team Leader is responsible to assist in the smooth and efficient running of the Engineering Department in support of all other operating departments
- Takes part in the discussion during departmental meetings and give suggestions and recommendations for improvements both in and out of department.
- Takes part and participate in the seminars and training courses in other fields if necessary.
- Perform other tasks deemed necessary by the Chief Engineer or his assistant

### **The selected candidate would ideally:**

- Qualification in Civil/Electrical/Mechanical Engineering and/or Building Management is desirable
- Minimum 2 years work experience as Technician/Tradesman in a hotel or 4 years in a similar large building/complex
- Technical schooling in the Art of Carpentry or Completed High school with equivalent experience in carpentry
- Previous experience working in Hotel and Resort / construction, etc.
- Good management & Leadership Skills
- Good command of Arabic language (English language is a plus)
- Ability to be flexible and to multitask
- Ability to work as part of a team
- Application is only for Sudanese nationality
