# CORINTHIA LONDON TEA BLENDS

The strength of tea is often obtained by the amount of tea leaves used while its potency depends on the length of the brewing process involved. Precision timing is required in brewing, as if it is done longer than necessary, it can result in undesirable flavours.

At the Crystal Moon Lounge, we differentiate the strength by adjusting the blends of our afternoon tea. We have curated three different teas - Assam, for its intense flavours, Darjeeling for its delicate characteristics and Earl Grey for its fruity and sweet notes.

## BESPOKE TEA BLENDS
