

A ROYAL EXPERIENCE

Celebrate the Queen's Jubilee like a true Royal, in the heart of London

Celebrate the Queen's Jubilee like a true Royal, in the heart of London. Only a few minutes away from Buckingham Palace, be immersed in our Royal family's historic moment with privileges that only dreams are made of.

Your Royal treatment begins before entering our doors as you and your guest will be collected by Rolls Royce and brought to our hotel.

You will be greeted in your majestic Penthouse by a quintessentially British Afternoon Tea, served by your private butler. You will enjoy our Jubilee finger sandwiches adorned with caviar and gold leaf, indulge in fine pastries created by our head pastry chef and feast on hand made scones with Devon clotted cream and home made English strawberry jam. You will sip on rare specially blended Canton tea, exclusive to Corinthia London, as well as a vintage bottle of Krug Champagne.

Your private butler will prepare your golden cocktail on your private terrace overlooking iconic views of London. You will sip on cocktails served in the finest crystal and canapés adorned in gold, while enjoying the Trooping of the Colour fly-by at 1pm*.

Following this historic event, relax and rejuvenate as our award-winning ESPA Life team prepare your private treatment room for a massage of your choice.

While you relax and rejuvenate, preparations for your Great British Menu dining experience are being finalised in your own seclude dining room. You will experience Michelin-star chef, Tom Kerridge's winning banqueting dish and Nick Beardshaw, Head Chef's competition dishes, both from the popular TV show 'The Great British Menu' on the BBC.

This unforgettable day ends with a midnight night cap on your private terrace enjoying London's glowing summer night lights.

The next day begins with a Champagne breakfast in bed. While you enjoy a leisurely morning, our Concierge prepares your Brompton Bikes** for your private Royal tour of London. A Royal expert will take you to the city's most iconic monuments to experience the magic of the full celebrations.

A late check-out means that you are able to enjoy a relaxing lunch on your private terrace before departing with your luxury hamper filled with memories of your very Royal experience.
